

## Turkey Day 2008!

Wednesday, 07 July 2004

Last Updated Thursday, 16 October 2008

On Saturday October 14th 2008 players from around the state gathered to participate in OP: Turkey Day.Â OP: Turkey Day is an annual event that the Tucson Airsoft Coalition puts on that is in it's second year.Â This year TAC enjoyed a partnership with Disruptive Paintball which helped get many new faces out to the event and also allowed us use of their facilities FREE for the day.

Players signed up for one of two groups, the Nation of Tan and the Nation of Green.Â These two factions duked it out in a series of games that started with them facing off from opposite ends of the complex and searching for food items to return to the supply crates.Â After that phase then Tan and Green took turns defending their supply caches from one another inside the small village.

All in all it was a great day to play and Disruptive Paintball was spectacular in their support of the event.Â They even forwarded all fields fees (paid by those who did not donate food) and mask rental fees to TAC to donate with the food donations.

Total attendance: 45 players

Total food items collected: 343 Total

Total cash collected: \$106.00

All donations are headed for the Pima Community Food Bank .Â Thank you all who supported this event and we hope to see you out again next year!
